

General Manager's Message

On behalf of Sanabel for Financial Securities board and staff, welcome to our website!

Since its establishment in 1994 Sanabel Financial Securities (SFS), previously known as (The National Company for Financial Transaction) is considered as one of the leaders in the Financial Securities and Capital market sector in Sudan. During its 17 years of existence Sanabel Financial Securities has managed and will continue delivering services to its clients that exceed their expectations.

Sanabel management aims to turn Sanabel to be one of the pioneer companies in the provision of non-banking financial services in the Middle East and North Africa, and to maximize investment returns for its clients and for the company as well. In Sanabel Financial Securities, we believe that to strive excellence in our services, we have to extend a profound mutual relationship with our clients. And in our passion to confer outstanding services we implemented a newly world class brokerage system (Wasata System) to facilitate communication with our clients and keep them conversant with their investments at their convenience.

In the course of diversifying its financial securities offerings, Sanabel Financial Securities has introduced and will launch different kinds of mutual investment funds in the real estate, and industrial sectors.

One of the entrenched values of Sanabel is the presence of a family atmosphere, as we believe that the employee's prosperity and commitment is valuable and is one of the cornerstones for successful business. We pride ourselves to have competent and qualified staff, of who have contributed immensely to the booming status of the company.
